ABSTRACT

Statistical information on Kentucky college and university enrollments for the fall of 1987 are provided, including listings of the membership of the Commonwealth of Kentucky Council on Higher Education, and the presidents of Kentucky's senior colleges and universities, junior and community colleges, seminaries, and business colleges. The 41 tabular reports cover: headcount enrollment by student classification, program of study and program level, and degree field; enrollment in first-professional programs; fall enrollments in state-supported and independent institutions; full-time equivalent enrollments 1984-87; black student enrollment; residency status by student classification; total credit hour report by student level; off-campus and on-campus credit hour report by student level; undergraduate headcount enrollment by degree field; and graduate headcount enrollment by degree field. Definitions are offered for each category. Various tables include detailed information by student classification, degree field, and race. Among the findings reported are: one-fourth of the state-supported universities' undergraduate students are undecided about which degree field to pursue; independent institutions enroll a large population of students from other states; and state-supported institutions' enrolled students are mostly Kentucky residents. EXECUTIVE SUMMARY

Information about enrollments in state-supported and independent institutions and in business colleges and seminaries is an important resource to higher education planners and administrators. This publication contains enrollment reports for fall, 1987 and summary trends for fall, 1984-1987 for state-supported and independent institutions. The following table contains basic information about state-supported and independent enrollment distributions. More detailed information by student classification, level, degree field, and race are reported in Tables 1-41.

	Headcount Enrollment	Percent Change Since 1986	Percent of Headcount Total	Percent of Headcount Subtotal	Percent of Headcount Who Are Full-Time Students
State-Supported Total	124,934	7	85		61
Universities	95,158	5		76	67
Community Colleges	29,776	16		24	42
Independent Total	21,372	8	15		68
Senior	19,845	8		93	69
Junior	1,527	5		7	63
Total Enrollment	146,306	7	100		62

Several other facts are revealed within the enrollment reports:

* State-supported universities' and community colleges' headcount enrollments are 6% black (Kentucky's population is 7% black).
* Senior independent colleges' and universities' headcount enrollments are 3% black.
* Junior independent colleges are 5% black.
* State-supported institutions' enrolled students are mostly Kentucky residents (universities - 87%; community colleges - 99%).
* Independent institutions enroll a large proportion of students from other states (senior - 23%, junior 7%).
* State-supported universities' credit hours generated are primarily undergraduate (undergraduate - 88%; graduate - 8%; first-professional - 4%.
* Senior independent institutions' credit hours generated are primarily undergraduate (undergraduate - 91%; graduate - 9%).
* One-fourth of the state-supported universities' undergraduate students are undecided about which degree field to pursue.
* One-fifth of the community colleges' students are not pursuing a degree and one-fourth are undecided about which degree field to pursue.
* The greatest state-supported university undergraduate student demand is in business (14%).
* The greatest state-supported university graduate student demand is in education (24%).
* The greatest state-supported community college student demand is in general studies (25%).

The following definitions are those officially established for the reporting of enrollment data to the Council on Higher Education. Data in the report are based on net headcount and credit hour data, or the total number of students enrolled as of the last day to add a course for credit and the number of credit hours for which these students are registered on that date. This date is the one established by each institution as the official cut-off date.

Formula for calculating full-time equivalent enrollment: (undergraduate student credit hours divided by 16) + (graduate student credit hours divided by 12) + (law student credit hours divided by 14) + headcount of other first-professional students + headcount of post doctoral students + headcount of doctoral dissertation students + headcount of residents and interns.

Note: The method of calculating law FTE has been changed from headcount to credit hours divided by 14. The FTE has been recalculated for all years shown in this table.
